

BREATHE EASY PROJECT

2025 Annual Report

Reporting Period: Jan 1, 2025 – Dec 31, 2025

Location: Lagos & Abuja, Nigeria

1. Executive Summary

The **Breathe Easy project** was launched with a critical mission: to bridge the gap in asthma care for vulnerable children in Nigeria.

Over the past 12 months, we have moved beyond planning into tangible action. This report outlines our journey in 2025—from delivering medication to 25 children to educating over 120 community members in Abuja.

"Our Mission: To provide bi-monthly salbutamol inhalers to children aged 1-16 living with asthma in low-income communities."

3. Program Highlights

Providing Consistency in Care

Asthma management requires consistency. Our core objective was to ensure families didn't have to choose between food and medication.

- Completed **6 rounds** of bi-monthly deliveries.
- **24 of 25** children remained on the program.
- Achieved a 95% delivery success rate.

Community Outreach & Education

Event: Abuja Outreach (May 2025)

We reached ~120 community members with free screening and education. During this single event, **30 inhalers** were distributed to those in immediate need.

4. Partners & Collaborations

We are grateful for our strategic partners who make this possible:

Massey Children's Hospital
Client Recruitment

LUTH Pediatrics
Donated 240 Inhalers

Advantage Health Africa
Procurement

Alex & Grace Isiyong Fdn.
Outreach Support

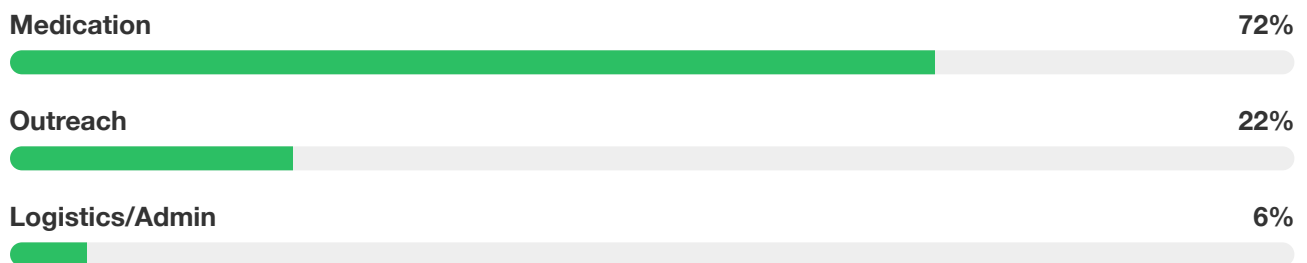

5. Financial Stewardship

₦5.4M
FUNDS RAISED

₦4.4M
EXPENDITURE

Expenditure Breakdown

We prioritized keeping administrative costs low (6%) to maximize impact.

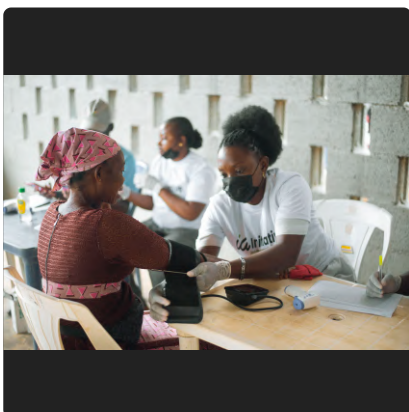

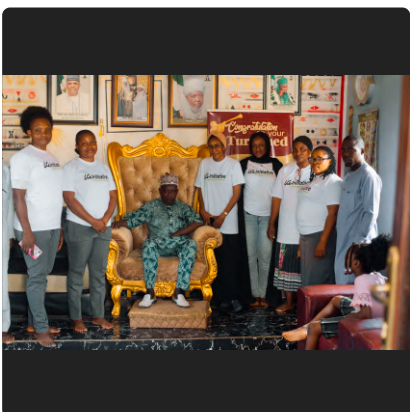

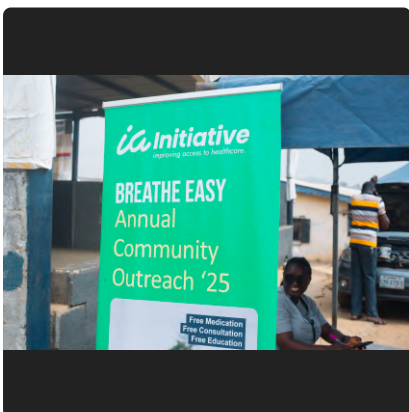

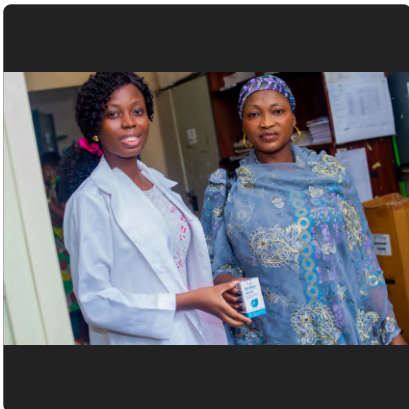

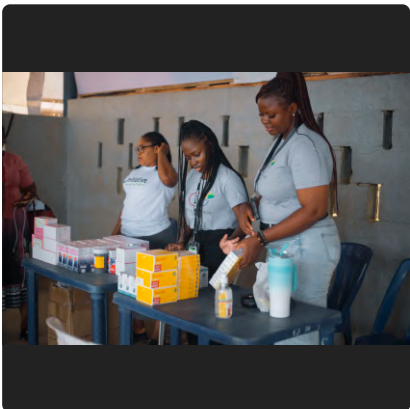

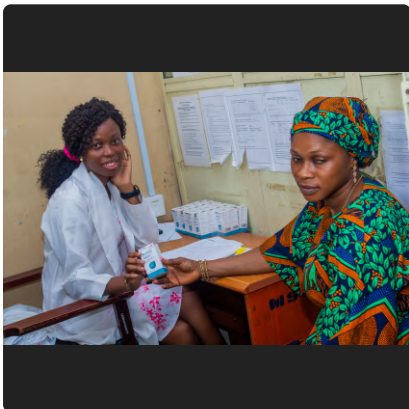

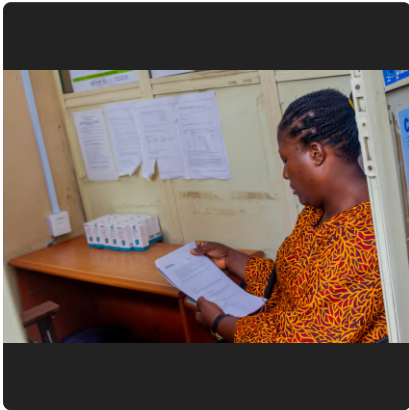

6. Looking Ahead

As we close 2025, we are preparing for **Breathe Easy 2.0**.

Our Goals for 2026: Scale our fundraising, apply for additional sustainability grants, and deepen our impact in new communities.
